Polywater® FST™ MINI

**PRODUCT BENEFITS**

- **Strong**: Holds up to 22 ft/7 m of water head pressure.
- **Compatible**: PVC, rigid steel, EMT, fiberglass, and cable jackets.
- **Easy**: Two-part foam is mixed in nozzle as it is injected into duct.
- **Quick**: Foam expands and cures quickly even when water is present.
- **Multi-Use**: Packages are resealable.

**Effectively Seals Small Conduits and Innerducts**

Polywater® FST™ MINI is an expanding, quick-setting, “closed-cell” foam that is injected into a conduit to provide a watertight seal. The seal is superior to pliable duct putties and “open-cell” aerosol canned foams. Recommended for small conduits (less than 1.5 inches (40 mm)).

Meets the NEC codes for conduit sealing
